

Trip Around The World

PACIFIC FRIENDS SCHOOL
SUMMER CAMP 2026

This summer, Pacific Friends School is excited to take children on an unforgettable Trip Around the World!

Our summer camp theme is designed to spark curiosity, imagination, and a love for learning as children explore different countries, cultures, traditions, foods, music, and environments from across the globe.

Each week, children will “travel” to a new destination such as Hawaii, Greece, New Zealand, and countries throughout Africa, and many more. Through hands-on, play-based experiences, campers will engage in meaningful activities that bring each destination to life.

What children will experience:

Creative Arts: Creating cultural art inspired by each country

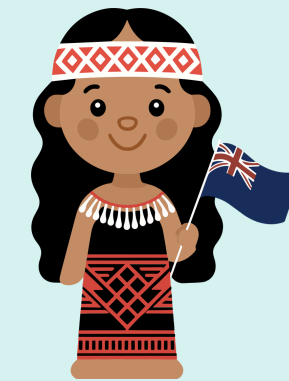

Music and Movement: Learning traditional dances and listening to global music

Dramatic Play: Pretend airports, passports, suitcases, and cultural dress-up

STEM and Discovery: Exploring animals, landmarks, and natural environments

Cooking Experiences: Simple, child-friendly recipes from around the world

Games and Traditions: Participating in traditional children’s games

Our goal is to create a summer filled with joy, wonder, and discovery, while helping children see themselves as part of a bigger, beautiful world.

Every child will also receive their own Summer Camp Passport, collecting stamps along the way as they travel from country to country.

We look forward to an incredible summer of adventure together!
